

A close-up photograph of a woman's face in profile, wearing a vibrant, multi-colored knit beanie. She is looking down at a black cat that is resting its head on a large, intricately patterned rug. The rug features a complex geometric design with concentric circles and interlocking shapes in shades of red, orange, yellow, and green. The woman's expression is gentle and contemplative.

La collezione Nature
raccolge una serie di tappeti
realizzati a mano
solo con fibre naturali.
Con Nature abbiamo
cercato di creare una collezione
che riuscisse ad esprimere la
semplicità, mai banale,
con cui la natura si manifesta
nelle sue forme e nei suoi colori.

*Our collection 'Nature' boasts a
series of hand-woven carpets
made with natural fibres.
We have aimed to create
a collection that reflects
the same simplicity with which
nature reveals its
shapes and colours.*

A hand with light-colored nail polish points towards a thick, braided rug made of natural fibers. The rug is placed next to a wooden board with a natural edge. On the board, there is a small branch with several red berries. The background is a light-colored, textured surface.
